VOLUME CVI.---NO 188. ALEXANDRIA, VA., THURSDAY EVENING, AUGUST 10, 1905. PRICE 2 CENTS.

When life's autumn comes, women, worn out by the burdens of motherhood, yet shrink from that second "change of life" which will banish these burdens forever. They fear a change in form, in feature, in personal attractiveness. Such fears are largely warranted by the effects which this change produces in many women. But no woman need let these fears fret her.

Those who have used Dr. Pierce's Favorite Prescription do not suffer from the change of life either in face, form or feelings as do other women. This fact is due to the intimate connection of the general health with the health of the organs peculiarly feminine. By preserving the health of these organs, and relieving the system from the debilitating drains, ulcers and inflammations which sap its health, "Favorite Prescription" paves the way for this natural change to come in Nature's way, without the loss of capacity to please others or personal inability to enjoy life.

"Your 'Favorite Prescription' brought me safely through that difficult period, called 'change of life,'" writes Mrs. Mary Ensminger, of 344 E. Ankeny St., Portland, Oregon. "This change made a very unpleasant disturbance through my entire system. I had hot and cold flashes, sick headaches, became excited, flustrated, nervous and irritable. My appetite was fitful and for days I was unable to eat a fair meal. My aunt recommended me to try Dr. Pierce's Favorite Prescription and it made a great change for the better. Within two weeks the unpleasant feelings had disappeared. I have a husband and eight children so have the care of a large family but was able to attend to my household duties without any difficulty and passed the period without any more trouble. I can recommend your 'Favorite Prescription' as a grand medicine for women."

You may be willing that somebody else shall say that their baby is "just as good" as yours, but you don't want that baby substituted for yours. Let dealers say what they like about other medicines being "just as good" but don't let them substitute anything for "Favorite Prescription." It is absolutely unequaled.

TO KILL THE DANDRUFF GERM.

Is the Only Possible Way of Having An Effective Cure.

If you see a woman or a man with luxuriant glossy hair, you may be sure neither has dandruff to amount to anything. In nearly every case where women and men have thin brittle hair, they owe it to dandruff. There are hundreds of preparations that "claim" to cure dandruff, but not one but Newbro's Herpicide tells you that dandruff is the result of a germ burrowing into the scalp, and that permanent cure of dandruff and its consequent falling and baldness, can only be had by killing the germ; and there is no other preparation that will destroy that germ but Newbro's Herpicide. "Destroy the cause, and you remove the effect." Leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

STRONG Again

is what Mrs. Lucy Stovall, of Tilton, Ga., said after taking Kodol Dyspepsia Cure. Hundreds of other weak women are being restored to perfect health by this remedy. YOU may be well if you will take it.

Indigestion causes nearly all the sickness that women have. It deprives the system of nourishment and the delicate organs peculiar to women suffer—weaken, and become diseased.

Kodol

Dyspepsia Cure

enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten. It nourishes the body, and rebuilds the weak organs, restoring health and strength. Kodol cures indigestion, constipation, dyspepsia, sour risings, belching, heartburn and all stomach disorders.

THE LATE ARCHBISHOP.

As has been stated in the Gazette, Archbishop P. L. Chappelle, of the diocese of Louisiana, died in New Orleans yesterday of yellow fever. Monsignor Chapelle was taken ill on Friday. He had returned to New Orleans three days before, having just completed a tour of Louisiana, and announced on his arrival his intention of co-opereating in the efforts to stamp out the fever. The archbishop, however, left his house only on one occasion before he was taken sick. On Friday he complained of symptoms indicating yellow fever. Dr. Larue diagnozed the case as yellow fever.

Archbishop Chapelle came to Baltimore from France when a youth, was educated in that city and for many years was pastor of St. Joseph's Church. He was the Pope's representative to Cuba when the island threw off the Spanish yoke and became an independent nation. So well did he perform his services in Cuba that he became the logical choice of the Pope for the more difficult post as his representative in the Philippines when the islands became American possessions. Here again he acquitted himself in a manner which won for him the Pope's gratitude. He held the honored distinction of being the only American prelate appointed by the Holy See as apostolic delegate extraordinary.

Archbishop Chapelle was born at Rheims, France, August 28, 1842. He was a member of a most respectable family and one that gave several martyrs during the religious wars in France and during the revolution to the Catholic cause. It was while a young man, studying at Enghiem College, Belgium, that his uncle, the Very Rev. Canon Chapelle, destined him to a diplomatic career, and two years later, when the distinguished ecclesiastic was directed by Cardinal Antonelli to negotiate a concordat with the Republic of Hayti, he took his nephew with him to the United States and placed him in St. Mary's Seminary, Baltimore.

In October, 1871, shortly before his death, Archbishop Spalding appointed the young priest pastor of St. Joseph's Church, Baltimore, and beside his parish work he presided over the ecclesiastical conferences of the Baltimore clergy and had charge of several religious institutions. Higher honors came to him in May, 1882, when Archbishop, now Cardinal, Gibbons named him rector of the important parish of St. Matthew's, Washington, D. C. In the summer of 1884 he was designated by the archbishop as one of the seven theologians to make the preliminary studies for the holding of the Third Plenary Council of Baltimore, and afterward his name figured as the notary of one of the principal committees appointed by the fathers of that venerable assembly.

Doctor Chapelle, during his pastorate in Washington, had the most pleasant relations with Presidents Arthur, Cleveland and Harrison, as well as with other high officials of the government in both parties. He was never mixed in party politics, as he was profoundly convinced that political partisanship is wholly outside the proper sphere of a clergyman.

For several years he was vice president of the Bureau of Catholic Indian Missions, and his zealous work for the promotion of the missions attracted the attention of Archbishop Salpointe, of Santa Fe, who asked the Holy See to appoint Dr. Chapelle his coadjutor bishop. He was consecrated in 1891 and succeeded to the archbishopric in 1894.

During his episcopal labors in New Mexico he visited almost every corner of the immense territory confided to his care, confirmed 40,000 souls and efficiently promoted the cause of education among whites and Indians. He was appointed archbishop of New Orleans in November, 1897, by Pope Leo XIII.

Bread Riots in New York

As was stated in the Gazette, frequent outbreaks of rioting, calling for drastic action by the police, marked the course of the strike of the Hebrew bakers on the East Side in New York yesterday. In an attack on a bakery in Allen street 50 rioters broke into the place, completely wrecked it and upset barrels of flour and dough in the street. The police reserves had to be called out before the rioters could be dispersed.

A committee of 100 sent from strike headquarters last night to a bakery in Orchard street to induce nonunion workmen to quit, attacked the shop, hearing of which hundreds of strikers rushed from the meeting to the scene of conflict. One policeman who attempted to defend the nonunion men was severely beaten but held his ground until rescued. The patrol wagon, bringing a squad of reserves, was furiously assailed by the mob, who stopped the horses and even dragged some of the men from their seats. The rest quickly alighted and charged the mob through a rain of bottles and bricks that poured from roofs and windows. After 10 minutes' hard fighting the mob was dispersed, and two men, both severely injured, were arrested. The shop in which the fighting began was completely wrecked.

At many points on the East Side wagons carrying bread were attacked, the drivers beaten and the contents thrown into the street. Many women participated in these attacks. According to the strikers the loaves thus destroyed were supplied from shops in Philadelphia and other nearby cities.

John Heintz, secretary of the National Union of Kosher Bakers was to go to New York from Chicago today to take charge of the strike. A request was sent to the international union in Chicago to call out the English speaking bakers.

Throughout the whole lower East Side a bread famine was general among the Hebrews, for the people not only refused to eat any but Kosher bread, but appeared to be bent on destroying all the bread of that character which they could lay their hands on.

The prompt results produced by Chamberlain's Colic, Cholera and Diarrhoea Remedy together with its pleasant taste have won for it a place in many households. Mr. W. T. Perfection Mosquito and Fly Canopies.

Why be annoyed by mosquitos and flies when it can be prevented by a very small expense and no trouble?

We call special attention to the fact that the "Perfection" 5-coil canopy springs have been THOROUGHLY TESTED in tension, action, power and endurance, and found that they will lift any grade new net to a perpendicular position against the head board, and will also undergo the strain of being fastened down, day and night, continuously for many months without showing signs of weakness, when properly adjusted. They are small in diameter; noiseless in operation; look neat and pretty; are not clumsy nor in the way; are strong and durable, and the most perfect canopy springs ever put on the American market.

Made in all sizes and can be adjusted to either metal or wood beds.

Have us put one up for you, and after one week's trial if not entirely satisfactory we will take it down and refund your money.

Alexandria Gazette
SIC SEMPER TYRANNIS
AND VIRGINIA ADVERTISER

THURSDAY EVENING, AUG. 10, 1905.

THE SCENES in connection with the prevailing strike among bakers on the east side in New York are among the most disgraceful that have occurred in recent years. Men have been assaulted, wagons overturned and their contents thrown into the streets, while shops have been wrecked and their stocks destroyed. Women, too, are participating in the turmoils. The lot of the American people has been cast in a country that has ever been blessed by full and plenty. There is generally enough and to spare, and but few cases of death from starvation are reported, and these would not have occurred had the victims made their condition known. In the face of such signal blessings men are now engaged in trampling under foot the staff of life in the chief city of the western hemisphere. Such deeds may call for vengeance from the Giver of all whose munificence is so little appreciated. The sable steed with his rider and balances will some time be manifested, and possibly some of those who are now engaged in trampling upon bread in the streets of New York may see the day when they will want what they now use so contemptuously.

THE HEAVY rains of the last twenty-four hours have caused some little damage to sewers now in course of construction. However, "it is an ill wind that blows nobody good" and the rains have flushed the sewers, cleaned foul ditches and given the paved streets a thorough washing and cleaning. There is a law, passed more than three years ago, imposing fines on persons who throw or scatter vegetable matter, old papers, boxes, or refuse of any kind on any street, sidewalk, or alley in the city. If there has been any effort or desire upon the part of the authorities to enforce this law since its passage, or even to partly enforce it, it has escaped the observation of every one. King street, from the river to Peyton street, is almost daily strewn with old boxes, waste paper and banana skins. A former Mayor said some years ago something about the superior claims that necessary tidness and necessary cleanliness should have over some other things. A partial enforcement of this law would save the expense of hauling waste paper and other refuse to the dump pile, to again find its way to the streets. Many of the streets are now clean and should be kept so.

ARCHBISHOP CHAPELLE, whose death from yellow fever was read with regret yesterday evening, was for many years the pastor of St. Matthew's Church, Washington, where all Catholic members of the diplomatic corps worshipped. As apostolic delegate he rendered much service to the government as well as to his church in the relations of the United States with the Cubans and the Filipinos. His long residence in Washington had made him intimately acquainted with many of the public men, by all of whom he was regarded with the highest respect. The archbishop was exposed to the yellow fever in the performance of his episcopal duties, and died not only in service, but on account of his service. He was a man of accomplished manners, scholarship and a broad and vigorous mind. In New Orleans and in Washington his death will be deplored by Protestants and Catholics alike.

THE $23,000,000 oil deal, whereby the Mellon syndicate, of Pittsburg, was to take over Kansas and Texas oil properties to wage war against the Standard Oil Company, is practically off. The Kansas delegation, which has been in Pittsburg trying to put the deal through for the past fortnight, left for home yesterday, satisfied that it was useless to remain longer. The hitch, though probably susceptible of a more interesting explanation, is alleged to have occurred through the inability of the Kansas people to demonstrate to the satisfaction of the local men that the territory optioned would produce enough oil to justify the construction of a pipe line to the gulf and start the crusade. Incidentally it might be stated that but few moneyed men care about opposing the Standard Oil Company.

WHILE ATTENDING the Culpeper horse show July 4 the statement was made by Mr. Crandal Mackey, Commonwealth's Attorney for Alexandria county, that Judge C. E. Nicol had said of Hon. Claude A. Swanson: "If the people of Virginia knew Swanson's moral character they would not touch him." Judge Nicol was then Europe, but upon his return he promptly denied having made any such statement. Mr. Mackey, who seems to be particularly hostile to Mr. Swanson, should confine himself to statemonts he can prove. His "mud slinging," however, will but redound to Mr. Swanson's benefit.

One Hundred Houses Burned.

Warsaw, Aug. 10.—Fire is raging in the town of Bialad. Over 100 houses have already been burned.

From Washington.

[Correspondence of the Alexandria Gazette.]

Washington, D. C., August 10.

The State Department today received a message from Consul General Rogers at Shanghai stating that the Chinese chamber of commerce was unable to control the boycott situation. He cabled a few days ago that the Shanghai chamber of commerce was anxious to counteract the movement. Mr. Rogers said in today's advices that the student element is exercising a dominating influence and the Chinese officials are not very active in their efforts to protect American interests. He adds: "All our interests are more or less affected, and other foreigners are growing apprehensive." Apprehension among Europeans and other foreigners is taken to mean that the anti-American agitation may possibly lead to a demonstration against all foreigners caused by the well known dislike for them among the masses in China.

Assistant Secretary of State Loomis was at his office in the State Department today for the first time since he departed immediately after the dismissal of former Minister Herbert W. Bowen as a result of the Bowen-Loomis episode, to attend as special ambassador the ceremonies accompanying the removal of John Paul Jones' remains from France. Mr. Loomis will probably remain in Washington a day or two and then will go to his home in Ohio, where he will spend a month with his family. While Mr. Loomis's vindication by the President over his connection with the unfortunate Venezuelan charges has been marked in character, it is understood that further honors will be accorded the Assistant Secetary of State in the nature of executive expression in Mr. Loomis' integrity. Whether this will take the form of a permanent ambassadorship is as yet uncertain.

Chairman Shonts and Colonel Ernst, of the canal commission, with Mr. Ross, the general purchasing officer of the commission, sailed from Colon for New York on August 8th. Governor Magoon telegraphed that much good resulted from the visit of Chairman Shonts to the isthmus.

Average condition, oats: 90.8 on August 1, as compared with 92.1 last month, 86.6 on August 1, 1904, 79.5 on August 1, 1903, and a ten year average of 83.7.

Professor Willis L. Moore, head of the Weather Bureau and president of the National Geographic Society, this morning received a cablegram from Honnigsvaag, Norway, reporting the return of the Ziegler-Fiala-Peters arctic expedition. The message read: "No record. Conditions unfavorable. Considerable scientific work."

"Give the people of Santo Domingo control of the customs and the incentive to revolution is irresistable. Mr. Colton is now collecting the duties under the tentative arrangement and the country is more peaceable than for many years. President Morales recently interviewed his chief rival, Demetrio Rodrigues, and they are friends. If there was the income of a custom house with which to finance trouble there would in all probability be a fight in no time." In these words Minister Thomas C. Dawson, now on leave from his post in Santo Domingo, characterized the situation in that turbulent country.

PEACE CONFERENCE.

Just at the moment when an optimistic feeling as to the outcome of the peace negotiations was in the ascendant, and with substantial cause, advices received by the Russian envoys have cast a cloud over those who had reason to hope for a happy culmination of the Portsmouth conference.

These advices are said to have come from the Czar, and are regarded as in the nature of instructions or commands to M. Witte and Baron Rosen for their guidance in the conduct of the exchanges. They were told that the inactivity of Oyama's armies had revived hope in Russia, and the prevalence of a sanguine feeling throughout the empire had brought many petitions to Emperor Nicholas praying that peace terms which would be humiliating to Russia should not be accepted.

These disquieting words came toward the close of a day when the hopes of all parties to the conference had been raised in a marked degree, for the first session of the envoys was remarkable for its display of cordiality and expression of good will.

The Russian entourage is considerably depressed, for the promise of a successful outcome of the exchanges had been held out. It is now declared that the advices from St. Petersburg must necessarily cause the Czar's envoys to reject at once any terms demanded by the Japanese which might be construed by the world as a stigma on Russian pride. The sudden change in the situation has borne its first fruit in a more determined intention on the part of the Russian emissaries to resist the payment of a cash indemnity.

The information that has come from St, Petersburg is regarded by some of those who are at Portsmouth as placing M. Witte and Baron Rosen in a position where they will virtually be obliged to reject nearly all the conditions suggested by their opponents.

Interesting Decision.

A decision of interest to colored people of the cities of the State has just been made by Judge Scott, in Richmond, in the suit of certain stockholders against the True Reformers. The decision was for the defendant, but in delivering his opinion the judge said: "The constitution and by-laws of this order are certainly at fault, but in my judgment I do not consider it a real bank. It is an organization with peculiar laws and those of you who have allowed yourself to join it, as members, of course, you are subject to these laws. They have a right, as an order, to arrange laws to keep stock within their domain, no matter how inconsistent they are, as long as it remains an organization as it is now. The law regarding their stockholders is certainly a silly one, but it is left to you whether you join or not."

Tattooing May Cost Boy's Life.

Plainfield, N. J., Aug. 10.—As a result of an amateur tattooing job, Vanderbilt Raymond, 16 years old, is a victim of a serious attack of blood poisoning in his right arm, and may die. The operation was performed by some boys three weeks ago, red writing ink and an indelible pencil being used. Now the arm is swollen to nearly twice its natural size. Amputation may be necessary as a last resort to save the lad's life. Raymond says he is a relative of the Vanderbilts, of New York.

Full details have finally been obtained concerning the exact loss from the devastating flood which wrecked more then 500 buildings and homes and caused damage amounting to at least $3,000,000 to the city of Guanajuato, Mexico, on July 1. In all 200 bodies have been recovered, but it is estimated that at least 500 persons perished.

The meeting will be held in Carnegie Hall for a week, the object being the federation of the Protestant forces in America.

Orrin W. Potter, the Chicago millionaire and steel trust director, at the age of 70 years took a second wife yesterday in New York and an hour later sailed for Europe. Mr. Potter's wife died a year ago and his new wife was divorced from her first husband, also a Chicago man, six months ago. Mrs. Elizabeth C. Bell, Mr. Potter's new wife, formerly was well known in Chicago as a masseuse and hairdresser.

The rumors of serious trouble at Riga, Russia, were yesterday officially confirmed in St. Petersburg. Twenty thousand men are on strike there. Many of the strikers are desirous of working, but the socialists deter them with threat sof murder. On Tuesday night numbers of shopkeepers had to stop work under compulsion. The agitators sacked a meat market because the owner refused to join the strikers. Two million dollars' worth of perishable merchandise is awaiting loading or reloading, and the merchants have applied for soldiers to act as stevedores in order to save this property.

General Linevitch, in a telegram to the Emperor dated August 8, reports that the Russian forces operating to the eastward of Mandarin road advanced August 5 towards a defile near the village of Chagon, 24 miles south of Taulu. The Japanese assumed the offensive and turned both flanks, compelling the Russians to retreat to the northward. The Japanese followed in pursuit and again encountered part of the Bussian force which halted in the Nadoulin Gorge, but after a hot fusillade they returned to the southward, The Russians in the Hailungcheng district, the general says, occupied the village of Yulangtse after a skirmish.

OPPOSE NEW RATES.

Representatives from 46 out of 70 councils of the Royal Arcanum in Virginia met at Murphy's Hotel in Richmond yesterday and gave strong expression to their opposition to the new schedule of rates adopted by the Grand Council. Many of the delegates were men above middle age and of the class affected directly by the increase of rates and their indignation against the move was pronounced.

G. H. Johnson, of Fredericksburg, called the meeting to order, and John T. Edwards, of the same city, was elected chairman, and in a short speech denounced the increase of rates an outrage and an iniquity. His remarks were received with evident favor. Dr. Charles Edwards, of Richmond, was made secretary.

Thomas Whitehead, a lawyer, of Lynchburg, declared that the Grand Council had undertaken to change every law relative to assessments, and that it would not stand in court one minute. W. F. Dabney, of Richmond, made a strong defense of the action of the Grand Council. The membership of the Royal Arcanum in Virginia has fallen off heavily since the order was issued both among young and old.

A resolution was adopted unanimously which the State's representative is to present to the Supreme Council at its meeting August 30 next asking for the appointment of a committee of 15, none members of the Supreme Council, and eight known to be opposed to the proposed rates, who shall consider anew the rate question, having power to examine the order's books and to employ actuaries. In the meantime the Supreme Council, in special session, is requested to suspend the proposed rates until after its regular meeting, in May 1906. If there is a deficiency in the widows and orphans' benefit fund an extra assessment is to be levied, as provided in the constitution and by-laws.

Cook, of Roanoke; S. S. P. Patterson, of Richmond, and Samuel Griffin, of Bedford.

The meeting will be concluded tonight by an elaborate banquet at the Chamberlin Hotel, when there will be toasts from many prominent lawyers.

The Loudoun Camp Meeting Association of the Methodist Episcopal Church begins its annual encampmont in Benton's woods, Loudoun county, August 18. This is the oldest camp meeting in Virginia.

The annexation scheme adopted by the Richmond City Council Tuesday night in concurrence with the Board of Aldermen was a compromise measure. It zig zags the line on the northern border of the city in order to leave out four or five manufactories and the measure was a regular hold up, the council fearing opposition would defeat the entire plan allowed themselves to be dictated to by the owners in question. The territory annexed will give a large territory suitable for manufacturing plants and permits of carrying out a more ample drainage plant for the city.

Messrs. Davis & Davis, Washington patent attorneys, report the grant this week to citizens of this State of the following patents: Edgar H. Atkins, of Richmond, for an exploder; Neal A. Longworth, of Graham, for a rail brace; Harry Smith, of Norfolk, for a base for glasses; Charles S. Waybright, of Crabbottom, for a churn.

VIRGINIA REPUBLICANS.

The republican State convention at Roanoke yesterday adopted a platform and nominated the following ticket:

For governor—Judge Lunsford Lomax Lewis, of Richmond.

For lieutenant governor—W. P. Kent, of Wytheville.

For attorney general—George A. Rivercomb, of Allegheny.

For treasurer—John Acker, of Rockingham.

For superintendent of public instruction—J. N. Harman, of Tazewell.

For commissioner of agriculture—W. H. Eggborn, of Culpeper.

For secretary of the commonwealth—V. M. Sowder, of Floyd.

All of these nominations were made without opposition and the convention adjourned sine die.

The resolutions committee brought in the platform, which contained nine parts and which was read and adopted as a whole amid rousing applause.

The platform indorses the national republican platform, especially sound currency, protective tariff, expansion, the Monroe doctrine, the Panama canal and a larger navy. It indorses President Roosevelt's administration and his determination to give every one a square deal.

It deplores the unimportant part being played by Virginia in the national movement towards prosperity in national business. It leaves the liquor traffic question to each community to settle in its own way. It denounces the democratic State constitution of 1902. It declares for higher education and free school books in public schools. It pledges the party to clean elections and an honest count of the ballots under unqualified returns. It declares for a non-partisan judiciary.

It declares it a duty to keep sacred from invasion the State's natural oyster beds and to prevent the encroachment now going on. It denounces all graft in public office and recommends the turning out of office of all wrongdoers. It would shake off allegiance to the democracy and would pledge men to vote independently for honest elections.

After the platform was adopted a new plan of organization of the party was read and adopted. The rules were then suspended and C. Bascom Slemp, of the Ninth district, was re-elected State chairman by acclamation.

Nominations for governor were then in order. United States District Attorney Thomas L. Moore, of Christiansburg, put in nomination Judge L. L. Lewis.

Among the 10 speeches seconding the nomination of Judge Lewis was one by W. H. C. Brown—a negro, of Newport News, and a Harvard graduate—which was frequently and liberally applauded.

Judge Lunsford Lomax Lewis was born in Rockingham county. He is a descendant of John Lewis, a pioneer settler of the Shenandoah Valley.

Judge Lewis was educated at primary schools for the University of Virginia, and in 1867, at the age of 21, graduated in the law department of that institution. Soon after leaving the university he removed his residence to Culpeper county, and was there admitted to the bar.

In 1874 he was appointed by President Grant United States district attorney and served continuously in that office until 1882, when he was elected by the Mahone legislature a judge of the Court of Appeals of Virginia, over which tribunal he presided until January 1, 1895, when, his term having expired, he returned to the bar and has since practiced his profession.

In December, 1902, he was appointed by President Roosevelt United States district attorney.

Captain Kent, nominee for Lieutenant-Governor, took part in the Spanish American war, organizing a company in Wythe county. He is a son of the late Robert Kent, once a democratic Lieutenant-Governor of Virginia. State-Senator Rivercomb, nominee for Attorney-General, is a well-known lawyer of Alleghany county. Mr. John Acker is a farmer. Mr. J. N. Harman was once president of Tazewell College. Mr. Eggborn is a member of the State Board of Agriculture. Mr. V. M. Sowder is known as a fluent speaker and a lawyer of ability.

Today's Telegraphic News

The Peace Conference.

Portsmouth, N. H., Aug. 10.—It is the opinion of those in unofficial circles who have kept in close touch with the present negotiations that the Russian envoys are preparing to leave the peace meetings as soon as Japan presents her demand for the settlement of the war. But they believe that they will be eventually signed. Japan's terms will, it is believed, be very heavy. Russia talks of exorbitance, and Japan says it is just compensation. The Russian envoys are known to have come to Portsmouth with the intention of paying well for the fiddling, but members of the suite have given it to be plainly understood that she does not purpose to be dancer, fiddler and payer all in one. But notwithstanding the many outward evidences of cordialty and sincerity exhibited by Count Witte and Baron Rosen there is deep skepticism of Russia's motives. She is believed to be executing a bluff.

It is expected that Japan's terms of peace will be officially communicated to the Russian plenipotentiaries at this afternoon's session of the peace conference.

The envoys assembled promptly this morning for their second day's session in their quarters in the navy yard. The formal exchange of credentials was made, consummating what had been unofficially done yesterday.

Portsmouth, Aug. 10.—The conditions which Japan desires to make peace were presented to the Russian envoys in writing at the meeting this morning. It was decided that the Russian plenipotentiaries will study the question and will, as soon as possible, give an answer in writing. Until then the meetings of the conference are adjourned. The question of the powers of the envoys were also regulated at the meeting, so that little difficulty will be experienced on that subject hereafter. The above announcements were made officially after this morning's meeting.

Portsmouth, Aug. 10.—Japan's peace demands are now in the hands of Russia's representative. They were in writing and were handed the Russians today, at the conference in the navy yard, by Baron Komura. After a brief discussion it was agreed that the Russians should have time to study the conditions and, when they had decided upon their reply, to put it in writing and present it to the Japanese. While the Russians are digesting the unpalatable dish presented them by their adversaries the conferences at the navy yard stand adjourned. It was also announced that all questions regarding the powers of the plenipotentiaries had been regulated. This means, of course, that the envoys have full powers to treat.

M. Karastovic, the Russian spokesman, made public what had been done at this morning's meeting in the following statement: "In the meeting of August 10, the questions of full powers have been regulated so that there are no more difficulties on the subject. After this the Japanese plenipotentiaries handed to the Russian plenipotentiaries the condition of peace in writing. It has been decided that the Russian plenipotentiaries will study the question and will as soon as possible give an answer in writing. Until then the meetings of the conference are adjourned."

Sensation in Military Camp.

Newport News, Va., Aug. 10—It was learned here last night that a rather sensational scene occurred Tuesday afternoon at Ocean View, where the Seventy-first Virginia Regiment is in camp. Major John H. Gilkerson, of this city, commanding the Third Battalion, was ordered to his tent under arrest, and it is said was reprimanded before the regiment by Colonel A. M. Higgins. No one seems to know just what caused the trouble. It is said that Major Gilkerson was slow in responding when the regiment was ordered out for dress parade in a rainstorm yesterday afternoon. High words passed between the colonel and major, it is said, and the latter was ordered to his tent under arrest. Yesterday morning the major was released, but it is supposed that the trouble is not ended. The affair is said to have created great excitement among the men, and many of them declare that Major Gilkerson will demand an apology from the colonel.

Mutiny of Russian Soldiers.

Berlin, Aug. 10.—The Schlessische Zeitung says that 150 men of the Volhyni regiment at Warsaw, Poland, refused to obey orders to entrain preparatory to starting to the far east. All of the mutineers were sentenced to death for their refusal. Later this sentence was commuted, and every tenth man was ordered shot. A company of Lithuanians was ordered to execute the men, but the company refused to fire on the condemned soldiers. A regiment of Cossacks was summoned immediately by telephone and a fight ensued in which both sides suffered severe losses. Another regiment was then summoned and the Lithuanians were compelled to surrender. The further proceedings were conducted behind the walls of the citadel. Secrecy is observed as to what occurred.

The Albany Disaster.

Albany, N. Y., Aug 10.—The work of clearing away the debris of the wreck of the John G. Myers Company's store was renewed this morning. Last night Mayor Charles H. Gaus said he was satisfied that no more bodies were in the ruins and he gave permission to cease the work of clearing away the debris. Mayor Gaus is determined to fix the responsibility for the collapse of the building and has named a commission to investigate the cause. The members of the firm refuse to make any statements whatever concerning the cause of the accident.

Movements of Japanese.

London, Aug. 10.—The corrospondent of the Reuter Telegram Company at Tokio wires that Admiral Kataoka has dispatched one Japanese squadron toward the Peninsula of Kamsckatka, and another squadron to Okhotsk, on the Siberian coast. The fleets have already started to carry out their orders, the nature of which has not been revealed.

President and Party.

Oyster Bay, N. Y., Aug. 10.—President Roosevelt and his party left Oyster Bay this morning bound for Wilkesbarre, Pa., where he is to address a joint meeting of the Catholic Total Abstinence Union of America and the United Mine Workers.

Jersey City, N. J., Aug 10.—President Roosevelt and his party reached Jersey City on board of the tugboat Lancaster at 9:25. The run from Oyster Bay was made without incident. At Long Island City Jacob Riis joined the party, and at Jersey City Chas. F. Stokes. While passing around the Battery the floating hospital ship of St. John's Guild, with sick aboard, going out for a day's outing, was passed and those on board cheered the President who waved his hat in return. The presidential party left for Wilkesbarre over the Lehigh Valley at 10 o'clock.

Wilkesbarre, Pa., Aug. 10.—Wilkesbarre is thronged with temperance people, mine workers and men in all walks of life to see President Roosevelt and witness the big parade of the Catholic Total Abstinence Union. It is estimated that fully 200,000 visitors are in town. The police have made complete arrangements for the protection of the President and the handling of the crowds. Two hundred extra police have been sworn in. The streets in the central portion of the town are roped off and all traffic is suspended. All mines, factories and shops in the Wyoming Valley are idle, and business is suspended for the day.

Never has the city entertained such a distinguish gathering of visitors. Cardinal Gibbons is here; John Mitchell, President of the United Mine Workers; Mayor Weaver, of Philadelphia; Judge W. J. Gibbons, of Chicago, and many from the government departments of Washington; Congressmen, Senators, Judges and church dignitaries from all parts of the country. The city is in gala attire, triumphal arches are erected and the buildings are covered with flags and bunting. There was no session of the C. T. A. U. convention today. The delegates attended a requiem mass at St. Mary's church this morning. The C. T. A. U. parade began at noon, 10,000 temperance men being in line and it was a notable demonstration. President Roosevelt is due to arrive here at 3 o'clock and will be met at the station by a committee of temperature delegates and mine workers. Addresses will be made by Mayor F. C. Kirkendale, John Mitchell and Rev. J. J. Curran. The President will be introducted by President John Mitchell of the United Mine Workers of America.

Affairs in Russia.

St. Petersburg, Aug. 10,—Government officials now take a most optimistic view of the outcome of the peace negotiations which are in progress at Portsmouth, and it is noticeable that they are hopeful that the war will be brought to an end. It is reported that M. Witte has telegraphed to the Czar that he already knows the Japanese terms and that they are acceptable with a few amendments. He believes that Japan will agree to the changes which he will propose.

St. Petersburg, Aug. 10.—A telegram received here from Radom, Poland, says thal forty masked men attacked the post office there. Three officials who tried to resist the men were killed. The robbers took $10,000 and then made their escape. They have not yet been captured.

St. Petersburg, Aug. 10.—The Czar and Czarina made a sudden visit to Tsarkoe Sale without sending word of their coming at 6:30 o'clock this morning. The Czar ordered that an alarm should be sounded and their majesties enjoyed the sight of the troops running to their posts in response to the call.

Yellow Fever.

New Orleans, August 10.—The result of yesterday's holiday for general cleaning purposes was that thousands of barrels and boxes of rubbish were removed from premises. The cleaning was so thorough that it will take several days to have the rubbish moved away. Secretary Shaw of the Treasury has repudiated work of the captain of the revenue cutter Winona, sustaining Gov. Blanchard against Gov. Vardaman, of Mississippi.

Twenty six new cases in all are reported from Patterson, La., with no deaths.

The funeral of Archbishop Chapelle will be held in St Louis Cathedral Saturday morning with public exercises.

Crop Report.

Washington, Aug. 10—The Bureau of Statistics of the Agricultural Department issued the following crop report at noon today:

Average condition, corn, 89.0 on August 1, as compared with 87.3 last month; 87.3 on August 1, 1904; 78.7 on August 1, 1903, and a ten year average of 85.4.

Average condition spring wheat: 89.2 on Aug. 1, as compared with 91.0 last month; 87.5 on Aug. 1, 1904, 77.1 on Aug. 1, 1903, and a ten year average of 83.3

Made $7000 From Organ-grinding.

New York, Aug. 10.—Back to Italy, rich from the profits of hand organ-grinding, Villa Mazachia and his wife will sail on the earliest steamer leaving New York for Italian ports.

The pair were arrested yesterday and warned off the streets for playing without a license. The wife showed Magistrate Wahle a bank book containing a $7,000 account, which she said was the proceeds of hand organ-grinding and would make them rich in Italy.

New York Stock Market.

New York, Aug. 10—The stock market, after the usual strong opening, suddenly gave way under orders attributed to the Gates party and quickly fell ½ to 1½ points. Large amounts of stocks were taken by houses associated with Morgan interests. The downward movement was quickly checked and before the end of the first hour the upward movement gathered so much force that high price records were again broken in American Smelting and Delaware and Hudson. The chief incentive to the selling on the early decline was the tone of the press news in regard to the alleged obstacles reached in the peace negotiations.

Judge Lewis Resigns.

Closing his speech at the Roanoke convention yesterday Judge Lewis said that he had hesitated entertaining the probability of his nomination for governor because he held a federal office. Then he announced "but before I came into this hall I transmitted to President Ropsevelt my resignation as United States district attorney for the Eastern district of Virginia." It is generally understood that Judge Lewis would have to resign his position under the government when he became the republican candidate for governor and he was prompt in handing in his resignation. There will be a number of candidates for the position, but it is not believed that the President will fill the vacancy for some time.

New Primary is Likely.

The Richmond grand jury investigating the late primary election has entered upon the last stage of its work, which will, it is now confidently predicted, result in from four to seven indictments and a primary. The body spent a large portion of Tuesday night counting the ballots, which have ever since the election been kept under lock and seal. It is now said that the report will show that there was fraud in three or more precincts. Whether they were of magnitude sufficient to change the general result is not known. Upon this question will doubtless depend whether or not the city committee will order another primary.

Supposed Suicide.

A woman's hat and patent-leather handbag found on the side of Reservoir Lake, at Richmond, early yesterday morning leads so strongly to the idea of suicide that the lake is being dragged for the body. Near the bag and hat was a crumpled note, saying: "I hope God will forgive me. My parents would not." The note had been signed, but was so scratched over that the signature could not be made out. The bag contained 46 cents, a pair of white kid gloves, three pistol cartridges, some black ribbon and dress goods and a poem, entitled "When a Fellow's Down."

Announcement that a new $600,000 church edifice, almost an exact duplicate of the St. Thomas Episcopal Church, which was burned on Tuesday in the heart of New York's fashionable residence section, will be built immediately on the old site, was made yesterday by the pastor of St. Thomas, Rev. Ernest M. Stires.

Fraud Exposed.

A few counterfeiters have lately been making and trying to sell imitations of Dr. King's New Discovery for Consumption, Coughs and Colds, and other medicines, thereby defrauding the public. This is to warn you to beware of such people who seek to profit, through stealing the reputation of remedies which have been successfully curing disease, for over 35 years. A sure protection, to you, is our name on the wrapper. Look for it, on all Dr. King's or Bucklen's remedies, as all others are mere imitations. H. E. BUCKLEN & CO., Chicago, Ill., and Windso., Canada, Sold by E. S. Leadbeater and Sons

The Only Way.

There is no way to maintain the health and strength of mind and body except by nourishment. There is no way to nourish except through the stomach. The stomach must be kept healthy, pure and sweet or the strength will let down and disease will set up. No appetite, loss of strength, nervousness, headache, constipation, bad breath, sour risings, rifting, indigestion, dyspepsia and all stomach troubles that are curable are quickly cured by the use of Kodol Dyspepsia Cure. Kodol digests what you eat and strengthens the whole digestive apparatus. W. F. Creighton & Co., 401 King street.

Death of Mr. John G. Beckham.

Mr. John Grigsby Beckham, who had for a long time been in ill health, was found dead this morning in his room at the residence of Mr. Robert N. Crook, on south Washington street.

The deceased was one of the most generally known residents of Alexandria, and at one time an active and prosperous merchant who took a prominent part in all public movements and enterprises conceived for the enhancement of the city's interest. He was a son of the late James Beckham, of Culpeper. He leaves one sister, Mrs. George Ross, of Richmond. At the outbreak of the civil war he entered the Confederate service, having been a member of Mosby's command. A few years after the close of the war he removed to Alexandria, where he had since resided.

A quarter of a century ago he and his brother, the late J. T. Beckham, were conducting the commission business in this city, which was continued up to a few years ago. Kind and courteous by nature, he made many friends who justly appreciated him. In 1889 he was candidate for Mayor of the city, and although he failed of election he received a large complimentary vote. In 1895 he was again a candidate for that position and emerged triumphant after an exciting campaign. Mr. Beckham had, however, overtaxed himself in the struggle, and when the result was announced on the night following the day of election his physical condition was found to be impaired and he was in no state to take upon himself the burdens and responsibilities of the position. He, however, qualified before Judge Norton, then Judge of the Corporation Court, several weeks preceding the first of July, the day upon which his duties began, and with Dr. W. M. Smith left Alexandria for Europe, hoping a change of scene and the ocean breezes would restore him to health, but they failed to do so and he returned home on the next steamer. His condition grew worse, and notwithstanding the exertions of the best physicians he failed to rally materially, and a melancholy developed which became more pronounced daily, from which it was impossible to arouse him. He eventually tendered his resignation as Mayor to the City Council and that body elected a successor.

Mr. Beckham was eventually compelled to relinquish his business pursuits and later ceased to appear on the streets. His physical condition grew more distressing daily, while his faculties seemed in a mazy condition. He had for years lived with Mr. Crook's family.

Disorderly on a Train.

Frank Harris and Towson Nickens, two negroes from Washington, passengers on an incoming electric train, became disorderly yesterday evening and refused to behave themselves when ordered to do so by conductor Travis. They expectorated on the floor of the car and rendered themselves obnoxious in various ways, and upon the arrival of the train at the western end of King street Officer Ferguson boarded it and placed the darkeys under arrest. They were brought before Justice Caton in the Police Court this morning and were fined $5 each.

Stray Children.

Harry, the twelve year old son of Mr. James Foster, living on north Columbus street, occasioned his parents considerable anxiety last night by disappearing from his home. Search was made for him throughout most of the night, and he was finally located in the house of a relative in Washington.

A little girl, who said she had been locked out of her house, enlisted the attention of some people late last night in the vicinity of the Southern Railway. A gentleman kindly took her to her home.

Excursioning Under Difficulties.

Notwithstanding Jupiter Pluvius ruled supreme this morning a large number of colored people, mostly females, wended their way through the streets to the river front where they boarded the steamer Jane Mosley who took an excursion party to Somerset Beach. Many were in a bedraggled condition when they reached the wharf where there was no shelter and where they necessarily had to wait for the boat.

Southern Resources.

The Southern Railway Company will make exhibits of southern resources from points in the territory traversed by its lines at several State fairs in the north during the fall season of the present year, and, in addition to the literature published by the company, will be in a position to distribute to good advantage attractively printed matter descriptive of farms which may be represented by real estate agents along the lines.

River Notes.

The schooner Lulu M. Quillin, from Severn river, with sand for the Old Dominion Glass Works, is at W. A. Smoot & Co's wharf.

The barge Worcester, from Baltimore, with fertilizer to the Alexandria Fertilizer and Chemical Company, is unloading at W. A. Smoot & Co's wharf. The barge Calvert, which recently unloaded fertilizer for the same company, has left for Baltimore.

Remains Forwarded.

The remains of Samuel P. Wingfield, who died at his home in this city at an early hour yesterday morning were forwarded to Lynchburg at 7.55 o'clock this morning. Members of Alva Aerie of Eagles, Alexandria Lodge of Elks and Osceola Tribe of Red Men, of which organizations the deceased was a member, escorted the remains to the depot. The interment will be made at Rustburg tomorrow.

Struck Woman with Bottle.

Toots Olden, a well-known colored individual, was before the Police Court this morning charged with assaulting Maggie Dorsey, also colored. The trouble occurred in the northeastern section of the city, and it was alleged that Olden used a beer bottle upon the head of the woman. He was fined $5.

The following cases were disposed of this morning:

Heavy Rains.

There was more rain again last night, followed by other showers today. The downpours have been very heavy, flooding the streets at times and overtaxing the sewers. So far as can be ascertained the railroads centreing in this city have suffered no material damage, all the trains running today as usual. After the shower the temperature became oppressive and the mercury at 3 o'clock this evening registered 83°.

Menace to Navigation.

Recently the hulk of the old tugboat A. P. Gorman was towed from a Washington wharf and deposited near the Georgetown channel. It has since sunk and occasionally this partly submerged wreck is struck by passing vessels.

CANDIDATES.

Alexandria, Va., July 19, 1905.

TO MY FELLOW CITIZENS OF ALEXANDRIA CITY AND COUNTY:

I beg to announce that I will be a candidate for the House of Delegates for the city and county of Alexandria subject to nomination by the democratic primary. It is well known to my fellow citizens that I was an aspirant for the honor of lieutenant-governor of Virginia, and that for reasons already made known to the public I felt constrained to retire from that contest. When I did so I had no intention of becoming a candidate for renomination and re-election to the House of Delegates, until urged upon me by a large number of my fellow citizens of the city and county of Alexandria, whose wishes and friendship I felt under obligations to regard. After mature consideration and yielding to what I believe to be the wish of a large body of my fellow citizens and friends representing every interest in the community, I have concluded to stand for re-nomination and re-election. I have been twice honored with the election by my people as their representative in the General Assembly of Virginia, and trust that my past record in that body will be to them a pledge and assurance of my future conduct should it be their pleasure to return me to this post of honor. In the event of my nomination and election I pledge myself faithfully to guard and defend every interest of the city and county in which I have spent my life and in which are centered all my affections and interests. I respectfully solicit the endorsement and support of the people whom I have represented to the best of my ability in the two last General Assemblies of Virginia. Very respectfully,
jy26 10t JAMES R. CATON.

Blacksnake In Bedroom.

The wife of J. Barnett Parrott, who lives near Trappe, Md., was frightened nearly into hysterics Tuesday morning by a large blacksnake in her bedchamber About 5 o'clock in the morning Mr. Parrott arose and went to his barn to feed his stock. Shortly afterward Mrs. Parrot arose and saw, coiled around one of the posts of the bed, a large blacksnake which seemed to be watching her movements. She began to scream, and her husband, hearing her cries, hurriedly hastened to the house. Getting a big stick, he killed the reptile, which measured between three and four feet in length. Mr. Parrot says there was but one possible way by which the snake could have gotten into the room, and that was by crawling down the chimney and coming through the stovepipe hole into their bedchamber, as the windows had screens in them, which have never been taken out since they were first put in last spring.

Elop 1.

Friends of Eugene Field at Chicago, Ill., were surprised yesterday to hear that Eugene Field had recently eloped and is living happily on a cocoanut plantation in South America. His wife was formerly Mrs. Eleanor Brooks, of Ohio. He met her at New Orleans, according to the story which came out today, while he and his brothers were in the Crescent City last spring. Within 24 hours they decided they were intended for each other and were engaged. The marriage speedily followed and the couple took a wedding tour on a coastwise trading schooner. The elopement was forgiven by letter by both sides of the family, but meanwhile Mr. and Mrs. Field had invested in a cocoanut plantation and find life pleasant in South America. It is announced that they will return shortly.

A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is only necessary to give the child a dose of castor oil to correct any disorder of the bowels. Do not use any substitute, but give the oldfashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipiency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in in case of cholera infantum. For sale by Gibson & Timberman and W. F. Creighton & Co
